

Jeremiah Heck's Planner/To Do List

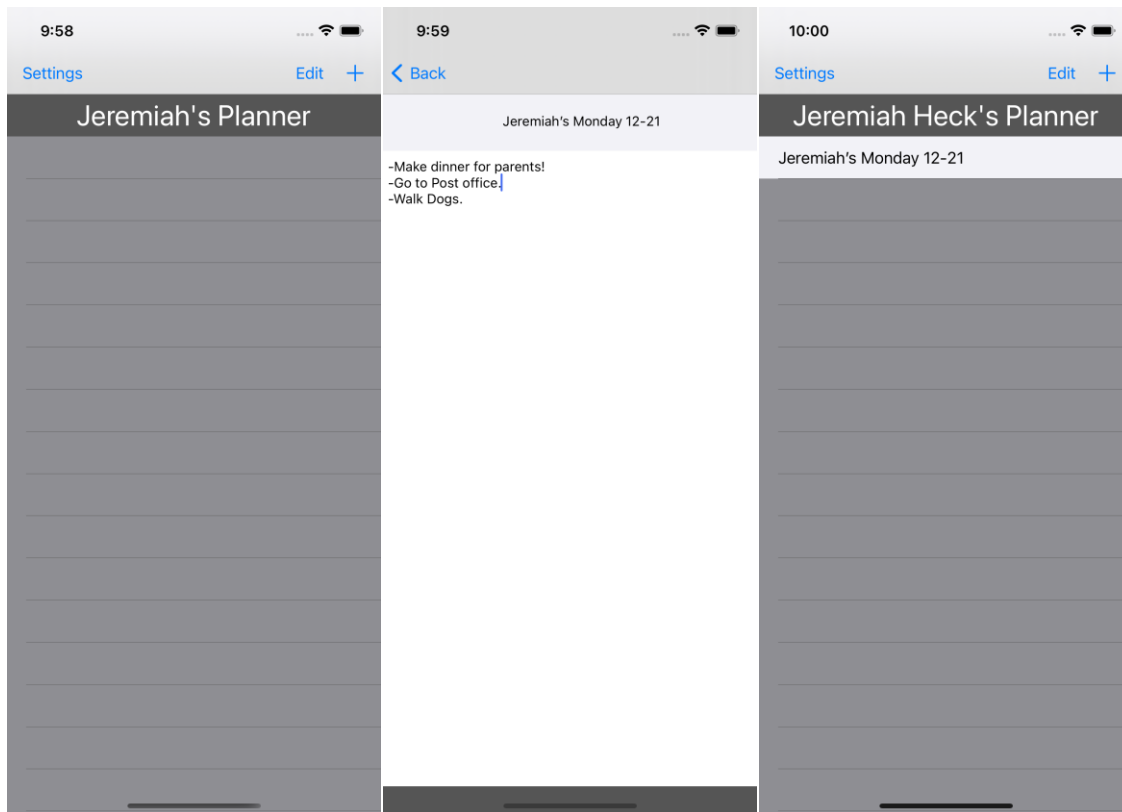

1. The first screen will prompt you for your name. Once you have entered the name, hit the "Get Started" Button.

2. Your next screen will be configured for your name, as such:

3. Next, click on the task that has been created for you too customize it.

4. Finally, the user can change the name they entered in the beginning, by hitting the “Settings” navigator.
