

Jeremiah Heck

FULL-STACK DEVELOPER

Profile

I have developed many disciplines from my time in the Army and University; Teamwork, Persistence, learning new roles and accomplishing the mission. I am interested in joining a team that values these traits!

Projects

Laravel Portfolio Website

JULY 2020 — AUGUST 2020

- The content is dynamically displayed from a database, using Laravel, SASS, JavaScript, Bootstrap and follows the MVC paradigm.
- <https://jeremiahheck.tech/>

Bootstrap School-club Website

AUGUST 2019 — SEPTEMBER 2019

- I made a static website for my club at Kent State University made with Bootstrap, HTML, and CSS, Bootstrap 4.
- <https://github.com/heckwithu2/Gandacksu>

Employment History

Junior Full-Stack Software Developer, Tradefull, North Canton, OH

MAY 2019 — AUGUST 2019

- Collaborated in an Agile environment on a warehouse management SaaS called Tradefull, and an E-commerce platform called Areatrend.
- Front-end development, using Bootstrap /HTML/CSS/JavaScript/Jquery to create professional UI/UX experiences for end-users.
- Back-end development using PHP in the Laravel Framework, and SSMS as the database.

Non-Commissioned Officer, U.S Army, Fort Carson, CO

AUGUST 2013 — AUGUST 2017

- Held the rank of Corporal, deploying to Kuwait and Poland. Leader of a three soldier squad as a trained Combat Medic(68W).
- Communications representative responsible for the encryption of 50+ soldiers' radios and 25+ vehicles' technology systems.
